CHARACTER PORTRAIT

Made many passing allies during his time as a travelling healer—village leaders and war captains may recognize him as someone who helped them unconditionally in a time of need.

Allied with Azargon, Soren, Smeckledorf, Lizzo, and to some extent Slaykay in the adventuring party unofficially named the "Castle Crashers".

*Oakley the Awakened Tree took a liking to Doc during his journey in the Feywild with Soren and Azargon.

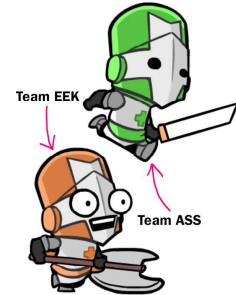

"Blessed" by Sennalisse, he also has the eternal support of three cheerleaders whom only he can see; they bring him great joy as well as great annoyance.

Allied strongly with the Spring Court; the tattoo he got with Fairy King Oberon grants him the ability to cast Steelwind Strike once per long rest.

Travelling Feylost healer. Was lost in the woods as a child, ended up stranded in the Feywild, having accidentally stumbled upon a fairy gate near his home forest. While a half-elf, Fionn does not recall his parentage, and his extended stay in the plane of the Fey has made it difficult for him to recall memories of his childhood.

Winding up transported to a peaceful glade constantly warmed by gentle sunlight post-plane-shift, his generally good spirit was noticed by the Treant-King Emmantiensien, an intermediate fey deity a member of the Queen Titania's Seelie Court. Raised in the Forgotten Forest under the stoic and wise treant, Fionn grew to respect and idolize the deity and his Treant-priests, wishing one day to be able to emulate their infinite wisdom and benevolence.

Once he had begun to acquire the skills necessary to heal and make a difference in the world, Fionn took a vow of worship to the Treant-King, who sent him back to the material plane to "help heal the fractured wounds festering on the material plane".

While he didn't know precisely what this meant, he trusted that the true meaning of the deity's words would reveal itself to him with time. Immediately upon returning to the material plane, Fionn undertook a journey to learn more about the world he had been absent from as a child, roaming for some years as a travelling medic, offering healing and advice for free to any he crossed paths with.

Fionn was drawn to the city of Waterdeep in the year 1492 DR, hoping to learn more about the art of healing from the renowned and powerful Victorio Castleanter, known for his spectacularly powerful displays of goodness and his desire to help the people of the city of Waterdeep. Things went... downhill from there.

COMPANION'S APPEARANCE

NOTES

♦ Feywild Visitor (Feylost, WBtW 9)

Whenever I'm sound asleep or in a deep trance during a long rest, a spirit of the Feywild might pay me a visit, if the DM wishes it. Determine the spirit's form by rolling on the table below. No harm ever comes to me as a result of such visits, which can last for minutes or hours, and I remember each visit when I wake up. Conversations that occur with a visitor can contain any number of things, from messages and insights to nonsense and red herrings, at the DM's discretion. Such conversations are always conducted in a language I can understand, even if the Feywild visitor can't speak that language normally.

d8	Visitor
1	Awakened creature (beast/plant that had Awaken cast on it)
2	Centaur
3	Dryad
4	Faerie dragon
5	Pixie
6	Satyr
7	Sprite
8	Unicorn

Feywild Rules from Reddit:

- Don't accept a gift from the fey.
- Don't consume the food or drink of the Feywild.
- Never dance with a fey.
- Never tell a fey your full name.
- Never stray from a path in the Feywild.
- Use your manners, but don't say "thank you" (or you owe them)
- Don't give a Fey (cheap) clothing
- Always keep your word.
- Don't repay more than you borrowed.

Field of Flowers:

- Red: +2 AC until next hit
- Blue: 10 temp HP
- Yellow: -1 exhaustion level
- Green: Recover 2d4 hp
- Orange: 1a to eat a flower and end poisoned condition
- Purple: immediately make saving throw on fright
- Pink: immediately make saving throw on charm
- Violet: immediately make saving throw on magical sleep
- Grey: +2 to next ability check made
- White: +2 to next saving throw
- Black: +2 to next attack roll made

NOTES

♦ Wild Companion (Druid 2, P24 81)

As a Magic action, I can expend a spell slot or a use of Wild Shape to cast the Find Familiar spell without Material components.

When I cast the spell in this way, the familiar is Fey and disappears when I finish a Long Rest.

♦ Wild Shape (Druid 2, P24 80) [CR 1/4; 4 Known Forms, no fly; 1 h, 2x per long rest]

Wild Shape allows me to transform into known beast forms as a bonus action, lasting for hours equal to half my druid level.

Regain 1 on a short rest or all on a long rest. Initially, I know 4 forms (CR 1/4 or lower, no flying). While transformed, I gain temp HP equal to my druid level, use the beast's physical stats and proficiencies, but retain my mental stats, class features, and languages.

I can't cast spells but maintain concentration. Equipment falls, merges, or is worn. The form ends if I'm incapacitated or die.

♦ Star Map (Circle of Stars 3, P24 88) [Guiding Bolt, Wisdom modifier per long rest]

I've created a star map, a Tiny object which i can use as my spellcasting focus.

If I lose it, I can recreate the map during a Short or Long Rest.

While holding it, I know the Guidance cantrip and always have Guiding Bolt prepared.

I can cast Guiding Bolt without expending a spell slot, up to my Wisdom modifier times per long rest.

♦ Starry Form (Circle of Stars 3, P24 88)

As a bonus action, I can expend a use of wild shape to take on a starry form for 10 min

In that form I become luminous and shed bright light in a 10-ft radius and dim light for an extra 10-ft radius

When I do so, I choose one constellation that glimmers on my body, granting me benefits

See the 3rd page's "Notes" section for the benefits of the possible constellations

Druid (Circle of Stars), level 3:

♦ Druidic (Druid 1, P24 80)

I know Druidic, the secret language of druids. I can leave hidden messages in it. I always have Speak with Animals prepared.

♦ Magician (Druid 1, P24 80) I know one extra cantrip from the Druid spell list. I add my wisdom modifier to my Intelligence (Arcana and Nature) checks.

♦ Spellcasting (Druid 1, P24 79) [2 cantrips & 6 spells prepared]

I can cast druid spells using Wisdom as my spellcasting ability.

I know druid cantrips and can prepare a number of spells from the druid list. I regain spell slots after a long rest.

♦ Archer Constellation (Starry Form, P24 89) [1d8 + Wisdom modifier radiant damage]

As a bonus action, I can make a ranged spell attack to hurl a luminous arrow 60 ft

♦ Chalice Constellation (Starry Form, P24 89) [1d8 + Wisdom modifier hit points restored]

When I cast a healing spell with a spell slot, I can heal myself or another within 30 ft of me

♦ Dragon Constellation (Starry Form, P24 89)

I can treat a roll below 10 as a 10 for Int/Wis/Con checks and saves to maintain concentration

From 10th-level onwards, I also gain a flying speed of 20 ft and can hover

CAST A SPELL (CASTING TIME OF THE SPELL)

Effect depends on the spell being cast.

DASH (ACTION)

Gain your speed as extra movement for this turn.

DISENGAGE (ACTION)

Your movement doesn't provoke opportunity attacks for the rest of the turn.

DODGE (ACTION)

Attack rolls from attackers you can see have disadvantage and you have advantage on Dex saving throws until the start of your next turn, until you become incapacitated or your speed drops to 0.

ESCAPE (ACTION)

Escape a grapple by winning a Str (Athletics) or Dex (Acrobatics) check vs. grappler's Str (Athletics) check.

HELP (ACTION)

Give an ally advantage on next ability check or attack roll vs. an opponent within 5 ft of you, if done before the start of your next turn.

HIDE (ACTION)

Hide from those that can't perceive you. Your Dex (Stealth) check is the DC for anybody's Wis (Perception) check to discover you.

OVERRUN (ACTION OR BONUS ACTION)

(DMG 272)

Move through hostile's space once by winning opposing Str (Athletics) check. Advantage if you are larger or disadvantage if you are smaller than the opponent.

READY (ACTION)

Choose an action that you will take in response to a set trigger. Taking the action uses your reaction. Ready a spell requires concentration and expends the spell slot.

SEARCH (ACTION)

Search for something, possibly with a Wis (Perception) or Int (Investigation) check.

TUMBLE (ACTION OR BONUS ACTION)

(DMG 272)

Move through hostile's space once by winning opposing Dex (Acrobatics) check.

USE OBJECT (ACTION)

You can interact with an object once per turn for free. A second interaction and special cases take an action to complete (e.g. draw a second weapon, equip a shield, drink a potion, retrieve an item from a backpack).

COMBAT ACTIONS

(PHB 192)

MELEE ATTACK (ONE ATTACK)

Normal attack on target within 5 ft. If attacking with a light melee weapon in one hand, allowed to make an attack with a light melee weapon in other hand as a bonus action, see 'Two-Weapon Fighting'. If either weapon has the thrown property, it may be thrown as part of this action.

RANGED ATTACK (ONE ATTACK)

Normal attack if up to normal range (first number). Disadvantage on the attack if up to long range (second number). Disadvantage on the attack if a hostile that is not incapacitated is within 5 ft and can see the attacker.

TWO-WEAPON FIGHTING (BONUS ACTION WITH ATTACK ACTION)

If making an attack with a light melee weapon in one hand, allowed to make an attack with a light melee weapon in other hand as a bonus action. This off-hand attack can't add a positive ability score modifier to the damage roll. If the weapon has the thrown property, it may be thrown as part of this action.

DISARM (INSTEAD OF ONE ATTACK)

(DMG 271)

Knock an item from grasp by winning weapon attack roll vs. opponent's Str (Athletics) or Dex (Acrobatics) check. Disadvantage on the weapon attack roll if the item is being held with two or more hands. Larger opponents have advantage and smaller have disadvantage.

GRAPPLE (INSTEAD OF ONE ATTACK)
